Together with representatives
of the Relief Society, Sunday
school, Young Ladies' Mutual Im-
provement Association, primary
and religion classes, President
Andrew Kimball and wife left
Monday for an extended trip
through the St. Joseph Stake.
Their travels will extend through
Douglas, Bisbee, and the entire
intervening country and they will
also visit Clifton, Globe and var-
ious other towns, where there are
wards of the Latter day Saints.

The party includes President
and Mrs. Kimball, John Bilby,
Mrs. Cynthia Layton, Mrs.
Coleman, and Miss Minnie Bilby

ACADEMY NOTES

There will be a dance Friday
night from 7:30 to 12, under the
direction of Prof. Nash, chairman
of the amusement committee for
the academy.

A plan is being outlined to in-
clude sports for the entire year.
Supplies for all kinds of sports
are expected soon.

Prof. Welsh is fitting the acad-
emy with electric bells.

The literary society expects to
complete Ivanhoe in the next two
evenings. The preliminary exer-
cises last Friday evening were
well attended. The society con-
venes at 7:30, and the next meet-
ing is a week from to-night.

The St. Joseph Stake Amuse-
ment Committee was reorganized
September 21, 1907 with the fol-
lowing members: John Nash, chair-
man; E. C. Phillips from the Sun-
day school, Emma B. Coleman
from the Relief Society, Cynthia
Layton from the Primary Associa-
tion, George Crosby from the
Young Men's Association, Joseph-
phine Cluff Kimball from the
Young Ladies' Association, Inez
H. Lee from the Religion Classes,
Joseph H. Larson from the Sev-
enties' Quorum, Lemuel R. Pace
from the Elders' Quorum and A.
C. Petersen from the Academy.

Pursuant to call they met and
endorsed the following recom-
mendations to the ward committees
of the various wards:

1. The aims of social amuse-
ments are, first, to secure recrea-
tion for the young people; second,
to develop the social feelings;
third, to elevate the young people
to a higher standard of thought
and feeling.

2. Ward committees are recom-
mended to use their influence to
provide for the various forms of
amusement of a public nature that
will be compatible with our church
teaching.

3. The committee deplore the
fact that in too many homes of the
Latter Day Saints no provision is
made for the amusement of the
children and urge the ward com-
mittee to encourage the parents to
provide suitable amusements in
their homes.

4. Wards should be encouraged
to provide grounds on which ten-
nis courts or croquet grounds, etc.,
can be laid out.

5. It is recommended that ward

committees use their influence to
organize picnics, excursions to var-
ious places of interest, socials of
various kinds, such as ice cream
socials, watermelon and fruit fes-
tivals, musicals, readings, game
socials, amateur theatricals, enter-
tainments, lawn parties, charade
parties, etc.

6. Ward committees are ad-
vised to procure books of games
and amusements from which they
may be able to introduce new
forms of amusement from time to
time.

7. It is recommended that the
older people be encouraged to go
with and enter more into the
amusements of the young.

8. It is recommended that the
services of a dancing master be
procured that our young people
may be taught how to dance cor-
rectly.

9. It is recommended that
where several young ladies go to
places of amusement without a
gentleman escort, they procure the
services of some older lady as
chaperone.

10. It is recommended that the
spirit of social enjoyment char-
acterize all our amusements and
not commercialism.

JOHN NASH, Chairman.

COUPLE THROWN FROM VEHICLE

**Mr. and Mrs. Charles Morris Have
Thrilling Accident on East Road
but Escape Serious Damage**

On Saturday last Mr. and Mrs.
Charles Morris were driving along
the road from Safford to Solomon
ville, when the horse became
frightened at some object at one
side of the road and jumped sud-
denly into the deep ditch at the
other side. Mr. Morris made
every effort to stop the frightened
animal, but it leaped aside so
quickly that he was caught unex-
pectedly and before he could
steady the horse the buggy went
over the steep bank. Mrs. Morris
was thrown ten feet away and Mr.
Morris almost as far. The gentle-
man held on to the lines and suc-
ceeded in stopping the animal,
and both occupants fortunately
escaped with but a few bruises.
Mrs. Morris had her arm badly
scratched and Mr. Morris escaped
with similar injuries, but there
was no other damage.

Afflicted with Sore Eyes for 33 years
I have been afflicted with sore eyes for 33
years. Thirteen years ago I became totally
blind and was blind for six years. My eyes
were badly inflamed. One of my neighbors
insisted upon my trying Chamberlain's Salve
and gave me half a box of it. To my surprise
it healed my eyes and my sight came back to
me. I am now as well as ever. Chamberlain's
Salve is for sale by Safford Drug Co.

"My dear old mother, who is now eighty-

Salve. She has taken it for about two years and enjoys an
excellent appetite, feels strong and sleeps well.
That's the way Chamberlain's Salve affects the aged,
and the same happy results follow in all cases
of female weakness and general debility.
Weak, young children too, are greatly strength-
ened by them. Guaranteed also for stomach

unusually heavy sale of disc plows

stock of these implements, which
were all taken, but he has just re-

supply the valley's needs. This
heavy sale indicates that the farm-
ers are enjoying great prosperity
as they can purchase the very best

intend to make an active campaign

OUT OF SIGHT

"Out of sight, out of mind," is an old saying

and out of existence. Piles too and chilblains
disappear under its healing influence. Guar-
anteed by all druggists. 2c.

HOW TO CURE A COLD

The question of how to cure a cold without
unnecessary loss of time is one in which we
are all more or less interested, for the quicker
a cold is gotten rid of the less the danger of
pneumonia and other serious diseases. Mr. W.
L. Hall, of Waverly Hall, Va. has used Cham-
berlain's Cough Remedy for years and says
"I firmly believe Chamberlain's Cough Remedy
to be absolutely the best preparation on the
market for colds. I have recommended it to
my friends and they all agree with me." For
coughs and colds, throat and lung troubles,
croup and whooping cough, all druggists sell
Budd's Cough Remedy.

PLANS FOR COMING FAIR

**Fine Entries for the Great Racing
Events, Including Prominent
Eastern Horses**

The territorial fair to be held in
Phoenix, November 11th to 16th,
gives promise of being exception-
ally instructive and entertaining.
Many entries of exhibits have been
made in the various departments
at this early date and from the
efforts put forth by the superin-
tendents of the different depart-
ments, the impression would be
gained that each of them is de-
sirous that his department will be
the one that is most complete and
attractive.

All important lines of industrial
pursuits in the territory will be on
exhibition, also agriculture, horti-
culture, live stock of all kinds and
classes consisting of horses, mules,
cattle, sheep, goats and swine.

The poultry and pigeon depart-
ment is a show of itself, contain-
ing all varieties of fowls from the
largest turkeys to the smallest
bantams.

The mineral department con-
tains an excellent exhibit, one
that is instructive for those who
are interested in mining.

A drilling contest will be held
that is open to all, and as an in-
ducement for those to enter who
are among the best, \$1000 will
be divided among the contestants,
\$650 in the double handed, 60 per
cent to the first and 40 per cent to
the second, \$350 in the single-
handed, 60 per cent to the first
and 40 per cent to the second.

Harness races will be an inter-
esting feature as \$17,000 has been
offered in stakes and purses in
these events, and as a result, up to
the present time 132 entries have
been made, among them being
some of the foremost trotting and
pacing horses in the world and
coming from all parts of the
United States.

Our track and climatic condi-
tions are favorable for good rac-
ing and many horsemen of prom-
inence have horses entered in the
races.

Budd Doble has two horses en-
tered and will be here and drive
his own horses. Mentioning Budd
Doble, the man who trained, drove

and created world wide reputation
for Dexter, Goldsmith Maid, Maud
S. and Nancy Hanks, is sounding
the keynote of harness racing.
Many men have been and are
prominent in that line, but every-
thing has been said when it is
stated that he is the "Daddy" of
them all. No one has done more
to aid and encourage the breeding
of good horses. If you don't
know a horse's disposition from
start to finish, come and see the
man who does—the man who
knows how to start them and make
them finish.

Many and various first class at-
tractions have been engaged for
the week.

**Good Work In
Methodist Church**

At the fourth quarterly confer-
ence of the local Methodist church
the reports for the year were given
in by the various organizations of
the church. These show a healthy
condition of affairs.

The membership has nearly
doubled; the dingy old adobe
building has been transformed into
a neat and attractive place of wor-
ship at a cost of \$450, all but \$40
of which is paid, and this balance
nearly covered with good pledges;
and the money is in the bank to
pay for completing the renovation
inside as soon as workmen can
be had.

The benevolent apportionment
of the church has been raised,
with money to spare; and all other
financial obligations fully met.

The Sunday school is in a flour-
ishing condition, with an enroll-
ment of 94, and an average at-
tendance during the hot summer
months of 75.

The Ladies' Aid Society has
done splendid work throughout
the year; and to their untiring
efforts is due most of the credit
for the improvement of the build-
ing and general prosperity of the
church.

Naturally the membership feels
encouraged to hope for still better
things in the near future.

HARD TIMES IN KANSAS

The old days of grasshoppers and drought are
almost forgotten in the prosperous Kansas of
today; although a citizen of Coffey, Earl Cham-
burg has not yet forgotten the hard time he
encountered. He says "I was worn out and
discouraged by coughing night and day, and
could find no relief until I tried Dr. King's New
Discovery. It took less than one bottle to com-
pletely cure me." The safest and most reliable
cough and cold cure and lung and throat healer
ever discovered. Guaranteed by all druggists
50c and \$1. Trial bottle free.

TAKEN BACK FOR TRIAL

**John A. McIntyre Goes to Indian
Territory to Answer to a Serious
Charge in Court**

Special to THE GUARDIAN:
Globe, Oct. 6.—John A. McIn-
tyre, arrested in this city two
weeks ago on a warrant charging
him with murder alleged to have
been committed in the Indian
Territory ten years ago, was yes-
terday taken back to the scene of
the tragedy by Deputy United
States Marshals Foster and Myers
acting under United States Mar-
shal Daniels of Arizona.

McIntyre was notified Friday
night that the officers would take
him away the following morning
and expressed himself as well
pleased with the proposed action,
as he is anxious to have the mat-
ter settled up. In an interview
McIntyre stated that at the age of
20 he accepted employment with
a blacksmith named Rogers, in the
little town of Ada, I. T. Rogers
was poor pay and in a controversy
over wages, the blacksmith, con-
siderably angered, approached
McIntyre, swinging a bar of steel
in a threatening manner. McIntyre
had an open penknife in his hand
and in a struggle accidentally cut
the blacksmith in the shoulder.
Two weeks later Rogers died.
Two attending physicians stated
that death resulted from heart
failure. Three years later McIn-
tyre was indicted for murder and
seven years after the indictment
was returned he was arrested.

"I will have no trouble in secur-
ing an acquittal," said McIntyre,
"if I can locate the doctors who
attended Rogers. I will return to
Globe just as soon as this matter
is cleared up and resume my busi-
ness. I have no fear as to the
ultimate outcome."

I have opened a tin shop in the
